Duas for Hardship and Success

Scholars have said that our trials are:

1. Filled with **subtle blessings** that we do not realise are there.
2. That we should put our **trust in Allah SWT** and **accept His decree** while fully striving to reduce our difficult situation.
3. That we should focus on **being content with Allah's Qadr** by seeking His reward and remaining steadfast in our faith.
4. Reminding ourselves **that our situation could always be so much worse.**
5. **Remembering** that the tribulations and sufferings in this world are **nothing** compared to the eternal life after death.
6. Sometimes, the suffering in this world can be a **guide** of how little we will be able to bear the sufferings of the next world.

Allaahumma-k-finee bihalaalika 'an haraamika wa 'aghninee bifadhlika 'amman siwaaka.

“O Allah, suffice me with what You have allowed instead of what You have forbidden, and make me independent of all others besides You.” (Tirmidhi)
